Mr. Adam R. Johnson,  
City Manager,  
Austin, Texas.

To the City Council,  
City of Austin, Texas.

Gentlemen:

We have investigated the request of Stinett and Carroway for a permit to construct and operate a drive-in root beer stand which will require the commercial use of city sidewalk area. We consider that the request for driveways is reasonable and that same should be granted in accordance with a plan submitted herewith and marked 2-0-199.

We, the committee, recommend that this permission be granted subject to the following conditions:

1. That all buildings and equipment shall be placed not less than 10 feet from the property line and that correct lines be obtained before construction starts or equipment is installed, lines and grades to be obtained from the City Engineering Department for entrances and driveways and the building plans to be approved by the City Building Inspector.

2. That all exterior curbs shown on the said plan 2-0-199 in red shall be constructed of concrete, and that all driveways, ramps and gutters as shown on said plan 2-0-199 in purple or green crayon shall also be constructed of concrete.

3. That permission shall be granted subject to the above conditions and the present and future rules and regulations and ordinances of the City of Austin, Texas, applying to or regulating drive-in filling stations; and said permission shall be held to be granted and accepted subject to all necessary, reasonable and proper present and future regulations and ordinances of the City of Austin, Texas, in the enforcement of proper police, traffic and fire regulations; and the right of revocation is retained if, after hearing, it is found by the City Council that the said Stinett and Carroway have failed and refused, and will continue to fail and refuse to perform any such conditions, regulations and ordinances.

Mayor McFadden laid before the Council the following communication from W. H. Bridges, Director of Finance:

"Austin, Texas, January 22, 1929.

Mr. Adam R. Johnson,  
City Manager.

Dear Sir:

I hand you herewith my report on the accompanying petition and affidavit signed by Mr. H. E. Wattinger on behalf of Mr. E. L. Steck.

The valuation of \$40,000 for the improvements on Mr. Steck's building where his business is located was placed by this office. A building permit was taken out for \$80,000, and in the absence of any rendition of same being made by Mr. Steck this office assumed that about half of the building was completed on January 1, 1928, and placed the valuation accordingly.

According to the attached affidavit signed by Mr. Wattinger, who was the contractor on this building, only \$32,788 had been spent on it by January 1, 1928. Mr. Steck is therefore asking for the taxable two-thirds value to be placed at \$21,850.00.

Yours very truly,

W. H. Bridges,  
Director of Finance. "

Councilman Reed moved that the above report be adopted, and the rendition of said property be made accordingly. Motion was seconded by Councilman Mueller, and same prevailed by the following vote: Ayes, Mayor McFadden, Councilmen Mueller, Pannell, and Reed, 4; nays, none, Councilman Steck present but not voting.

Mayor McFadden laid before the Council the following report of W. H. Bridges, Finance Director:

"Austin, Texas, January 22, 1929.

Mr. Adam R. Johnson,  
City Manager,

Dear Sir:

I hand you herewith my report on the accompanying petition of McAngus Brothers.

Mr. McAngus furnished this office with a full inventory statement of his business as it appears on his books, which he states in the affidavit attached are carried at 100% value. In setting the values of stock for grocery stores, the Board of Equalization allowed an average of 15% reduction for depreciation of stock on hand January 1, 1928. On this basis, McAngus Brothers should be taxed on a valuation of \$1900 as shown on the petition herewith.

With respect to the charge of \$900 valuation on notes receivable, this assessment was an error on the part of this office. This amount was offset by notes and accounts payable, which were in excess of the notes and accounts receivable/

Yours very truly,

W. H. Bridges,  
Director of Finance. "

Councilman Reed moved that the above report be adopted, and the rendition on said property be made accordingly. Motion was seconded by Councilman Pannell, and same prevailed by the following vote: Ayes, Mayor McFadden, Councilmen Mueller, Pannell, Reed, and Steck, 5; nays, none.

Mayor McFadden laid before the Council the following report of W. H. Bridges, Finance Director:

"Austin, Texas, January 22, 1929.

Mr. Adam R. Johnson,  
City Manager,

Dear Sir:

I hand you herewith my report on the accompanying petition of Mr. John Miller.

Mr. Miller states in his affidavit that he did not have the \$2700.00 in bills receivable with which he is charged. Our records show that he signed this rendition, which he acknowledges. But, according to his affidavit, he did not have the bills receivable on January 1, 1928, but did have them in 1927 and paid on them for that year.

Evidently he merely signed the rendition copy for 1928 taxation as given him to sign, same being a carbon copy of the property listed on his assessment for 1927. In this way he apparently overlooked removing the item of bills receivable from the rendition which he signed.

Very truly yours,

W. H. Bridges,  
Director of Finance. "
